Looking for an apprenticeship

About Me

Currently studying in the **CAWEB Master's program** at the University of Strasbourg, I specialize in designing user-centered web solutions. With **two years of experience in digital communication**, I have developed both an analytical and creative approach to design, which I put into practice through academic, professional, and personal projects. I am looking for a **one-year work-study placement starting October 1st, 2026**, in the fields of web design, web development, project management, or SEO.

Work Experience

Web Project Manager
Wiccat | University of Strabourg — **January - June 2026**

- Developed a multilingual website for Wiccat, a cat café in Strasbourg.
- Project management: needs analysis, planning, and progress tracking.
- UX/UI design, graphic design, SEO, and web development.
- Coordination with the client and stakeholders.
- Launch, optimization, and hands-on handover support.

Translator
Blue Whale Global Media — **July 2023 - Now**

- Freelance missions: translations, proofreading, and transcriptions for various sporting events.
- Notable projects: *2023 FIFA Women's World Cup* and the *2025 FIFA Club World Cup draw*.

Community Manager
Adpulse - Marketing agency — **2022 - 2024**

- Independently managed a portfolio of 25 clients across diverse industries: hospitality, food & beverage, fashion, crafts, construction, automotive, real estate, and more.
- Social media communication strategy (editorial guidelines, content writing, scheduling, moderation).
- Coordination with the graphic design team.
- Management of sponsored campaigns (SMA).
- Competitive and technological monitoring.
- Support for multi-channel campaign management.
